Some more of our guests and accolades...
“Khedeja and I really enjoyed attending the exhibit. I think the layout was great. I loved looking at the different fashions and hearing about the socio-political influences contributing to materials and design. And I loved the huge mural hung across the wall as we exited the exhibit. So powerful!”  Debbie B.

“Being a part of the PRETTY POWERFUL exhibit has been a dream come true. There are so many women in my life that come to mind when I think of the word powerful, so I wanted to depict that within The Power of Clothes mural. I was able to take the outline of one of the dresses on display and change the colors to match the colors worn by women suffragists. I wanted to make all of the ladies look different to embody the beautiful diversity of the women in our country.”  Jade Nortey
“PRETTY POWERFUL is something I was honored to be asked to be a part of. It highlights the strength, courage, and range of woman in our city and woman as a whole- through art, clothing, and history. As it did me when I saw what this exhibit would be, I hope it makes all women feel pretty and powerful as well as pay homage to pretty powerful woman everywhere, especially in our city.” Morgan Johnson

“It’s been a pleasure to work on the PRETTY POWERFUL project to commemorate, preserve and to celebrate women’s rights to vote. It was a pleasure to contribute and highlight diversity to also demonstrate how far we have come and look to the future.”
